## Rucksack KiTa

Ideas and stimulus for play  
and language

For parents with children aged between three  
and six

... mehr als niederrhein

## What is Rucksack KiTa?

**Rucksack KiTa** promotes the general linguistic development of those children in particular who are growing up with several languages. The parents are addressed in this as experts for learning the familial language.

At the same time, the children's German vocabulary is extended in the child day-care facility. This provides the children with a good start in their school careers.

## How does Rucksack KiTa work?

**Rucksack KiTa** is a free offer and is aimed at parents with children of between three and six years of age. The offer takes place directly in the child day-care facility or family centre. To this end, the parents meet up on a weekly basis. The **Rucksack KiTa** groups are led by a trained parents' support person.

In these group meetings, the parents receive a lot of information on how they can support their children in their general and linguistic development. The numerous ideas and stimulus for play, fun and language can also be implemented easily by the parents at home.

In addition, **Rucksack KiTa** offers the chance to communicate and exchange ideas with parents of children of a similar age.

## What is special about Rucksack KiTa?

Using child-friendly themes, the parents can help their children at home in their familial language. Specially developed multilingual **Rucksack KiTa** materials are available for this purpose.

**The parents' materials are currently available in the following languages:**

Albanian	Arabic	Bulgarian
German	English	Farsi
French	Greek	Hebrew
Italian	Kurdish	Polish
Romani	Russian	Romanian
Spanish	Turkish	Vietnamese
